

We Are Brown County Civic Music Association

The Brown County Civic Music Association is a non-profit 501(c)(3) Organization. The organization consists of members who join through the process of purchasing subscriptions to our Annual Series of classical concerts.

The **Mission** of Brown County Civic Music is to:

- establish standards of excellence for the performing arts
- promote and encourage community interest in the performing arts
- foster and coordinate that interest through a series of concerts presented by outstanding professional artists and ensembles

Brown County Civic Music accomplishes this through:

- An Annual Subscription Series, of 4-5 concerts per season, featuring a variety of outstanding national and international touring professional performing artists.
- Ensuring widespread community access to the arts through low-cost season subscription fees as well as individual concert tickets.
- Keeping performances affordable to all by soliciting donations from individuals, foundations, corporate sponsors. We seek grant opportunities as well. These donations help to ensure top talent, low ticket prices, and educational opportunities for area students.
- **Promotion of musical education opportunities, including clinics and masterclasses with visiting artists, for students of all ages in the area- youth through young adults.**
- BCCMA relies heavily on highly active volunteer teams that cover everything from promotions, concert management, recruitment, and fundraising.
- BCCMA's Annual Membership Campaign invites new subscribers to experience our exceptional offerings firsthand, enjoying reduced concert costs and social interactions
